

Annex - About the SFF Global FinTech Awards

The SFF Global FinTech Awards, supported by PwC Singapore, recognise innovative FinTech solutions that have been implemented by FinTech companies, financial institutions and technology companies, as well as individuals whose initiatives have contributed significantly to the FinTech ecosystem.

A total of 16 winners will be selected under the seven categories presented by MAS and SFA. All finalists will be evaluated by an international panel comprising industry experts across multiple domains. The FinTech solutions by the Corporates awardees will be judged based on five criteria: (i) impact; (ii) sustainability; (iii) practicality; (iv) interoperability; and (v) uniqueness and creativity. The Individual awardees (under the Leaders Award and Contributor Award categories) will be judged separately based on the quality of the submissions covering their work within the Singapore FinTech ecosystem.
